- ✓ Do you have plans to start a circular business and are looking for the first steps to take?
- ✓ Would you like to refine your existing business idea and collaborate with successful circular enterprises worldwide?
- ✓ Are you keen to identify new opportunities, network with like-minded people and be inspired from enterprise solutions that work?

**Join us in the upcoming Circular Economy Catalyst Replicator Workshop in Coimbatore (India)!**

<b>Where and when:</b>	Coimbatore, India: 4- 5 March 2024
<b>Venue:</b>	Selected participants will be informed of the workshop venue via email.
<b>Cost:</b>	Participation in the 2-day workshop is FREE for all selected participants. Participants must arrange transport and accommodation at their own cost.

**CIRCULAR ECONOMY  
CATALYST**

Supported by

IKEA Foundation

Implemented by

In collaboration with

**SEED**  
promoting entrepreneurship  
for sustainable development

The 2-Day Circular Economy Catalyst Replicator Workshop uses proven methods and solution examples to support circular economy entrepreneurship. During the event, you will identify sector-specific market opportunities, explore impact-generating activities and learn about key elements of successful business models. You will work on own ideas and get equipped to replicate elements of viable and impactful business models to your local context. This will help your circular start-up tackle environmental & social challenges while generating sustainable economic returns. This Replication Programme in Kenya and India is supported by the [IKEA Foundation](#).

## Why should you apply?

Selected participants will...

Receive expert guidance and tailored support to build your enterprise

Get in touch & collaborate with Originators of already established and successful businesses

Access to a sector-specific, comprehensive Workbook

Network and share peer learning opportunity with likeminded entrepreneurs

Learn about the tools used by real-world circular enterprises

Deep dive into circular economy enterprise business models

Be inspired by a variety of successful case studies

Successful participants can apply for follow-up support at the CEC Starter Programme

Participation in the 2-day workshop is FREE for all selected participants. Participants must arrange transport (and accommodation) on their own. Selected participants will be informed of the workshop venue via email.

The Circular Economy Catalyst Replicator Workshop Call for Applications is open until 26 February 2024 11:59 PM CEST [for Coimbatore](#).

## How to apply?
